

## TAKE UP THE REEF.

**Blitzen "Made a Monkey"**  
of Terrifier at Elizabeth Yesterday.

## THE "IRON HORSE" LIKES MUD

**Alleged Scheme of Pool-Room Managers to Evade the Present Laws.**

Blitzen is certainly a wonderful horse in the mud. It is strange what a difference heavy going makes in this colt's foot. On a dry track almost any fair selling-plater can handle him, but in soft, deep mud Blitzen fairly gallops over the cracks. Yesterday he added Terrifier's scalp to his belt. The patched-up crack was known to fairly reel in heavy going, and he was thought to be good enough to defeat the champion from the hilltop, but to use the early English of the race track tout, "Blitzen made a monkey of Terrifier." The latter's race is hard to explain. He was beaten also by his stable companion, Fido, who has never been partial to heavy going. In fact, it is a matter of record that Fido has a decided aversion to mud. It was whispered about after the race that Terrifier had not had a gallop since his last race, and that it was this knowledge that caused the plungers to back Blitzen down from 2 to 1 to 6 to 5. There may have been some truth in this, but it is not the only reason why Blitzen was so good. It is said that Fido would have started Terrifier if he did not believe he was up to a race. At the same time, yesterday's performance is not Terrifier's true form. The ovation that Blitzen received eclipsed all previous demonstrations. The crowd fairly went wild with delight, and it was proven, more than ever before, that the "Iron Horse" occupies a very warm spot in the heart of the racecourse "Vandalia." Blitzen's only regret is that Blitzen is not in the Brooklyn Handicap.

The old, old story about the scheme of the pool-room men to get around the laws by organizing a private line telegraph and telephone company has been revived. It is said that articles of incorporation have been filed with the Secretary of State by the Manhattan Telephone Company. The object of the company, as stated in the certificate, are to construct, own, use and maintain a line, or lines, of electrical telegraph or telephone. The directors are said to be prominent pool-room-keepers. It is said that the present board of directors will be done away with, and a new board containing numbers will be substituted. There will be no reference to horses, and the tickets will bear numbers. Each number, however, will represent a horse. The pool-room men say they can transact business in this way without violating the law in any way. It is very doubtful, however, if such a scheme would be construed as a lottery, and the police would probably quickly close the office of the company.

Sheriff Hicks, of Union County, has notified Peter De Lacey's lawyer, Steen, that the seizure by him of the thirteen horses alluded to in the property of the P. Dwyer, is illegal, as the horses are not owned by Mr. Dwyer. Steen will be required to give the horses to the sheriff, otherwise that official will release the horses seized.

The great colt, Morelo, will not start in the inaugural event at St. Louis tomorrow. The reason is that East St. Louis's entry, but the weight allotted the colt is too heavy.

An electric battery was to have been used on MacGregor in the last race at Coney Island yesterday. Some of the judges at a time, after the report was proven true they ruled off the horses, Mackay, MacGregor, E. B. Meyer, and Trainer J. Donohue.

Considerable comment is being made because horses starting in the same interval in the races at Elizabeth are not coupled in the betting. The racing is conducted under the rules of racing, as revised in 1891, and there is no rule which compels the coupling of horses. At the same time, two horses starting at the interest of one owner should be sold together. It is a pity that the rule gives better satisfaction all around.

Joekies Lilly, Cottrell and N. Williams have been suspended for the meeting for disobedience at the post.

The four-year-old colt John Berkeley, by Decey, dam Traviata, has been sold by Smith & Hughes, of Lexington, Ky., to C. C. Travers, who ran at Louisville a few days ago, for \$3,000. Travers's full brother is John Berkeley.

It is not altogether improbable that the Anti-Pool bill recently passed by the Connecticut Legislature will be repealed amended. The new law closes the doors of every trotting association, fair and bicycle meeting, and as a result a number of protests come from every part of the State. It is probable that the legislators did not mean that the bill should be so sweeping. The measure was aimed at the pool-rooms in Hartford and New Haven.

Montana, the winner of last year's Suburban, will not start in that event this year. He was declared out on Tuesday last. Marcus Eddy, his owner, is still represented by Tammany. The Peppor, Silver Fox and Steve Estee, the stable which will be qualified to enter the Peppor to do the trick, he being a greatly improved colt.

When Blitzen won the El Morano Handicap yesterday, one of the Bahman boys heaved a big stone at him. The owner, who thought it was a joke, told him to take it up. In explanation, he said that he was being against him, and that Blitzen was a good horse. A thousand dollars would have secured the colt, for Bradley was thinking hard. Blitzen's owner, who didn't think he was worth the money, and let him go.

The Joekies Club of England has made the following amendment to the Rules of Racing: "No shall a broodmare which is in the forfeit be qualified to enter in a produce race." This is a very good rule, and will not doubt be included in the revised rules. The Board of Control will shortly make public.

The popular young trainer of the Sheffield Stable, Dick Lloyd, is lying sick at his home with pneumonia. He caught a severe cold a week ago.

Chattanooga could have been bought for \$2,000 a few weeks ago. After his good race yesterday, double that sum would not buy him.

## STOCK MARKET UNSETTLED.

**The Bears Assisted by an Advance in Sterling Exchange.**

**Large Trading in Reading a Feature—Wall Street Admits.**

WALL STREET, Friday, April 23.—The feature at the opening of the Stock Exchange this morning was the tremendous trading in Reading. The stock opened at 28 1/4, transactions having been made at these figures simultaneously. In the first few minutes 8,000 shares changed hands.

The mortgage of the Company jumped 1 to 2 1/4 per cent. London bought the securities, and the stock sold even higher than on this side.

The securities were benefited by a belief that the scheme for the reorganization would go through.

The early improvement ranged from 1 to 2 per cent, the latter in Manhattan. About 11 o'clock, when one of the drawers of sterling exchange advanced posted rates to 487 1/2 and 489, the bears made a drive, and succeeded in bringing about a general decline in prices.

Distilling and Cattle Feeding and Ann Arbor were steady. The first fell 1/4 to 23 1/4, and the latter to 14 1/4 from 14 3/4.

After midday Western Union dropped from 51 1/4 to 50 1/4. Reading receded from 28 1/4 to 27 1/4. Towards the close the price of the day were touched in some instances.

The bears found certain stocks unsupported and attacked them vigorously. The expectation that tomorrow's market will show a large falling off in respect to free sales by the traders.

Samuel Dickson, counsel for the leading syndicate, states that the plan of reorganization will not be sent out for a day or two. There are some details yet to be arranged.

There was more active and lent up to 1 per cent. on call. The final transaction of the day were at 3 per cent.

The \$100,000 loan was withdrawn from the market today for shipment to Canada.

Money was easy at 4 1/2 per cent on call. Sterling exchange was firmer. Higher discounts in London and easier money here account for the strength of the market.

"First posted rates" were advanced to 487 1/2 and 489, but subsequently a reaction in 60 day bills to 487 1/2.
